

LM WireTrim Tape

Edge Cutting Tape

PRODUCT

DESCRIPTION A narrow, flexible adhesive tape allowing for sharp, professional looking edges.

INTENDED

USES

- Professional looking edges when using Spray applied membranes
- Cutting coatings in automobile spray applications

FEATURES

- Enables sharp, precise cuts through tough polyurea and polyurethane coatings
- High-tack, co-polymer adhesive that sticks instantly, allowing for unlimited repositioning
- Conforms well to compound curves and tight corners

PRODUCT DATA

Size	6mm x 30m
Material	PET
Release Paper Liner	80g
PET d/s Tape Thickness	250 µm
Wire Diameter	0.25mm
Peel Adhesion	>14 N/25mm
Initial Adhesion	<180mm
Temperature Resistance	80°C

APPLICATION

- 1 - Cut tape away, creating a wire that sticks up and can later be pulled
- 2 - Position the tape with the wire edge facing the area to be sprayed
- 2 - Spray Polyurethane / Polyurea coating
- 3 - Pull the wire filament out and through the coating to achieve sharp, professional edges

STORAGE &

HANDLING

Store in dry, shaded conditions away from sources of heat. Protect from heat and frost. Protect from moisture.

TAPE SIZE

6mm x 30m
